

My Name is Rose Finley. I am a professional photographer dedicated to capturing the heart and soul of the people I work with. I would love to work with you to create the reflection of the unique person God created you to be. I love capturing every special moment in life. From the day you welcome your little girl into the world, her first steps, sports events, and graduations, to the day you give her away!

I am also an aspiring Missions Photographer and photojournalist. I love capturing the heart of missions, to share the amazing stories of what God is doing around the world! Even more than a photographer I am a missionary. I hope to be able to combine these two and share the messages of God's amazing power through teachings, testimonies, and pictures!

I want to see, experience, capture, and share with others the places and stories of how God is changing lives around the world. I want to develop a new passion for God, and learning about God. A passion that I can pass onto others, all while taking epic pictures that share the testimonies of God's power!

As you can tell I am very excited about the work God has been doing in the hearts of so many people around the world! As a missions photographer with travel experience in several different countries and cultures, I would love to be a part of your missions team. Capturing your team at work, encouraging and touching lives of the people around them, and growing closer in their walk with God as they spread the awesome message of Jesus Christ!
